“A good design motivates and a good art inspires”

Hands of Colibri is a design company founded in 2007 and has the prestige gained by the quality of their work. Hands of Colibri, LLC is a multidisciplinary company that has the ability laborer in any branch of art and graphic design, specializing in the creation of logos, flyers, brochures, posters, art for CDs and DVDs, business cards, magazines, illustrated technical manuals and designing recreational and cultural magazines.

Hands of Colibri also offers the service of creating original music for television serials, jingles, promos and sound environments as incidental music. This company has experience working in musical composition for cartoons, short films and documentaries.

Furthermore, Hands of Colibri has a deep research work on therapeutic music and offers services to institutions using background music for relaxation.

Why all of our designs are custom?

Our designs are always personalized because our commitment is to satisfy customers with something new, unique and original, not forgetting the super-objective proposed.

In each work we do, we propose a challenge to improve previously done and we're always updating programs and technical resources we use to just come up with something special and well done.

We make every effort to achieve full satisfaction of our customers, always with the hope that they return soon.

Our greatest wish: *That you become our customer.*

We always deliver on time!

The timely delivery of our work is a key element of our company. Our esteemed in performing some work is studied carefully to give our customer a precise deadline.

Our goal: let your imagination fly and ask us what you want to get, then, soon, you will see your desire come true.

YOU ARE WELCOME!
